Percent satisfied with school-home relations	N/A	82.1%	74.5%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Colleton County Middle School concentrated its efforts on academic and social success for all middle level students in the county during the 2011-2012 school year through the consolidation of the three former middle schools. Within the school, three learning communities were developed to maintain smaller environments conducive to learning. The three learning communities focused on the infusion of STEM, arts and natural resources. Standards-based instruction emphasized relevant and real life experiences through the integration of each learning communities' focus. Colleton County Middle School engaged and challenged our middle level students through vigorous endeavors and implementation of concerted academic programs. Some of the programs implemented include: STEM design process, English I, Algebra I, Explicit Direct Instruction (EDI), After School Growth and Achievement Program (GAP), standards-based curriculum, common assessments in four core areas, Balanced Literacy Reading Program, Reading and Mathematics Enrichment (Orchard), Positive Behavior Intervention System (PBIS), Gear-Up (7th grade) and Scholastic reading programs (Read 180 and System 44). During the 2011-2012 school year, Colleton County Middle School created a culture of learning directed at providing our students with the best core curriculum available. Our teachers regularly engaged in professional development opportunities in order to provide the most recent research based and best academic practices to enhance and foster student growth. Also, grade level and cross curricular planning times were built into the schedule to support standards-based instruction and assessment. Our goal at Colleton County Middle School is to continue our rigorous academic curriculum to provide diverse learning experiences and extra-curricular activities for our students. We strive to increase the use of technology to enhance instruction and parental involvement, as well as, assist our students in becoming life-long learners and productive citizens. We encourage members of the community to join our team at CCMS as students learn today so that they may lead tomorrow. With the continued support and partnership we share with all of our stakeholders, we look forward to another exciting and rewarding year in continuing to build the very best middle school ever.

Mr. Scott Matthews, Principal
Mrs. Sara Gardner, School Improvement Council
